

Products we offer

EIPL offers a diverse catalog of chemical products designed for a wide range of industrial applications:

INDUSTRIAL ACIDS

- Hydrochloric Acid
- Sulphuric Acid
- Nitric Acid
- Formaldehyde
- Oxalic Acid
- Liquid Ammonia

OIL & GAS

- Hydrochloric Acid
- Benzalkonium Chloride
- Potassium Chloride
- Calcium Chloride
- Zinc Oxide
- Sodium Aluminate

TEXTILES

- Acetic Acid
- Hydrogen Peroxide 50%&60%
- Nonyl Phenol Ethoxylate
- Sodium Hypochlorite
- Stable Bleaching Powder
- Sodium Sulphate Anhydrous

WATER TREATMENT

- Aluminium Sulphate
- Ferric Chloride
- Poly Aluminium Chloride
- Sodium Metabisulphite
- Activated Carbon
- Trisodium Phosphate

RAW MATERIALS FOR DETERGENT

- Soda Ash
- Labsa 96%
- Sodium Lauryl Ether Sulphate (SLES 70)
- Speckles (Sodium Based & Salt Based)
- Caustic Soda Flakes
- Industrial Salt
- Perfumes
- Lemonite Cbs-x Powder (whitening Agent)

FOOD & BEVERAGE ADDITIVES

- Acetic Acid
- Phosphoric Acid
- Sodium Bicarbonate
- Sodium Aluminium Sulphate Anhydrous
- Maize Starch
- Sorbitol (liquid / Powder)

Driven by innovation, sustainability, and expertise, Chemsources is redefining industry standards with a diverse, eco-friendly, and cost-effective chemical portfolio.

As a trusted global supplier, we deliver high-quality solutions that meet the evolving needs of the marketplace.

Chemsource recognizes that effective packaging is essential to maintaining the integrity and usability of our chemical products. We use durable, compliant packaging solutions designed to withstand various handling and environmental conditions, ensuring that our products arrive in optimal condition, ready for use. Our packaging safeguards the quality of our chemicals and facilitates safe storage and handling.

CHEMSOURCE

WHY CHOOSE US

Quality You Can Trust

EIPL sources from the most reputable manufacturers, ensuring that every chemical product meets stringent industry standards. Our clients rely on us for consistent quality across every batch and shipment, supporting reliable and efficient processes.

Tailored Chemical Solutions

With nearly two decades of experience in chemical sourcing, we offer precision-matched solutions that align with specific industry needs, from industrial acids to water treatment chemicals and more. Our expertise ensures that our clients receive products that enhance both performance and compliance.

Global Network, Competitive Pricing

Our robust sourcing network enables us to secure competitive pricing on a wide range of chemical products. We leverage these partnerships to provide cost-effective solutions, ensuring that quality and budget requirements are met without compromise.

Reliable and Timely Delivery

EIPL maintains a 98% on-time, error-free delivery rate, ensuring that clients receive their products exactly when they need them. Our streamlined Logistics and commitment to prompt deliveries make us a dependable source for critical chemical supplies.
