

DRIVEN BY EXCELLENCE IN ELECTRICAL SOLUTIONS

Solutions We Offer

Category	Capabilities
Power Generation	Smart, Sustainable & Hybrid Energy Systems
Transmission & Distribution	Complete EPC Solutions up to 400kV
Substation	Turnkey, Modular & Digital Substations
Instrumentation	Integrated Process & Control Solutions
Plant Electrical Solutions	End-to-End Industrial Electrical Systems
Electrical Safety & Consumables	Full Range of Safety Essentials

Our Expertise

Excelsource Electricals manages every stage of the project—from feasibility and design to procurement, installation, testing, and commissioning. Our approach ensures reliable, safe, and high-performance power infrastructure tailored to diverse industries and geographies.

EIPL transforms power project challenges into practical solutions. Leveraging years of expertise and strategic collaborations, we focus on delivering efficient power generation, transmission, and distribution for growing markets, especially in Africa.

Excelsource Electricals is more than a service provider — we are a **project enabler, solutions consultant, and implementation partner**. From concept to commissioning, we bring excellence, every time.

Project	Scope	Region
3 x 25MVA, 120/11kV Substation	3×25MVA, 120/11kV substation & 11kV/400V power distribution panels	Societe Mining du Katanga (Somika) SAS, DR Congo
3 x 25MVA, 120/11kV Substation	3×25MVA, 120/11kV substation & 11kV/400V power distribution panels	Kisanfu Mining SAS DR Congo
50 MWp Ground-Mounted Solar + 90 MWh BESS	EPC – Design, supply, installation & commissioning	Societe Mining du Katanga (Somika) SAS, DR Congo
Rural Electrification Package	Overhead lines, metering, LT & DT transformers	India
SCADA- Integrated Lighting for Industrial Systems	Lighting, Automation, Control Panels	India

Our Strength = Engineering + Execution + Endurance

We design, engineer, and implement with the mindset of a partner—not a vendor.

Our team brings:

- Over 20+ years of electrical EPC experience
- Multi-sector knowledge: utilities, industrial plants, refineries, infrastructure projects
- Seamless coordination across design, procurement, and field teams
